## \$20,000 CNIB OCTOBER OBJECTIVE

The annual campaign of the Canadian National Institute for the Blind opened Oct. 1. The campaign, which will last through October, has an objective for Northern Alberta of \$20,000. The purpose of the campaign is to obtain the funds necessary to satisfactorily maintain the service program of the CNIB during the coming year.

Referring to the campaign, Mr. W. E. Milton, executive officer for the CNIB, stressed the increasing demands upon the services and facilities of his organization and the steadily rising costs of operation. The CNIB is now serving 500 blind people in Northern and Central Alberta in addition to carrying on its prevention of blindness work. Its services include rehabilitation, training, job placement, employ-

ment, occupational work, home teaching, library, residence accommodation, recreation, welfare services, special concessions and personal service, and prevention of blindness. In order for these services to be maintained at their present level and in order for them to be kept available to those who depend upon the CNIB for them, the objective of the current campaign must be achieved.

Mr. Milton emphasized that the CNIB is conducting this annual appeal only in the rural districts of Northern and Central Alberta, and is not appealing directly to Edmonton citizens. In Edmonton the CNIB is a member of the Community Chest and obtains its Edmonton requirements from that source. While these two campaigns will be in progress at the same time they will not conflict with one another.

Rural citizens should give direct to the CNIB, while Edmonton citizens can help its work by supporting their Community Chest drive.

## Radio Inspectors Check Up On Licence

**ST. ALBERT** — On Sunday, Oct. 14, the CYO met for their first meeting of this term. A newly-introduced program, including business, spiritual, education and social functions, were introduced.

Members showed enthusiasm towards the club's success during the forthcoming term which gave new officers an encouraging glimpse of the success of the organization in the year to victory as often as transportation allows.

The fate of the hockey team is now being planned so that it can begin functioning at the commencement of the colder season. It is hoped that the rink will also be ready then. The boys are raring to go on to a more successful season and the outlook is that they will show greater strength both in sportsmanship and in league play. The girls, it is rumored, don't intend to just sit back uninterested but plan to cheer their club on to victory as often as transportation allows.

That, by the way (transportation), seems to be one of our chief worries. Who's got a solution to the problem? Well, gang, let's stick together and make it a big success.

Fill next time, remember: "For each temptation you fight down you will have another star in your crown!"

## CLYDE NEWS BRIEFS

Mr. and Mrs. Ed Siegle flew to Vancouver, where they will attend the Vancouver Auto Court Association meeting. They have completed harvest operations on their farm at Clyde. Mrs. Siegle intends to stay over for a month to take a rest from the strenuous harvest rush of this fall.

Mrs. G. R. Mealing is holidaying this week with friends at Mayerthorpe.

Preparations are being made for the annual Chicken Supper to be held on Wednesday by the ladies of the Clyde United Church.

The High School Students' Union have great plans for a Halloween dance in the hall to keep themselves out of mischief. It will be a masquerade and many secret plans are being made with crepe paper and masks.

Four Clyde men went out to the Clarence Workman farm on Wednesday afternoon last week and dug their potatoes for them. Workers were Lloyd Jones, John Langford, Rick Landry and Norman Main. Forbes Gordon took coffee to the men. Clarence Workman has been unable to be out of the hospital and is regaining the use of his hands.

ment, occupational work, home teaching, library, residence accommodation, recreation, welfare services, special concessions and personal service, and prevention of blindness. In order for these services to be maintained at their present level and in order for them to be kept available to those who depend upon the CNIB for them, the objective of the current campaign must be achieved.

Mr. Milton emphasized that the CNIB is conducting this annual appeal only in the rural districts of Northern and Central Alberta, and is not appealing directly to Edmonton citizens. In Edmonton the CNIB is a member of the Community Chest and obtains its Edmonton requirements from that source. While these two campaigns will be in progress at the same time they will not conflict with one another.

Rural citizens should give direct to the CNIB, while Edmonton citizens can help its work by supporting their Community Chest drive.

Those unable to produce current licences must expect a court action with consequent fine and costs. The Department trusts, however, that anyone who has, so far, neglected to procure his or her licence will immediately do so and that a minimum of such unpleasant action will be necessary.

The color of licences this year is yellow for the \$2.50 issue and white for the \$2.00. A separate licence is required for automobile radios.

All licences expired on April 1st last. They may be procured from Post Offices, some radio dealers, or directly from the Radio Inspector, 10138 100A St., Edmonton, Alberta.

The Bureau of Statistics reported that the average hourly earnings in manufacturing stood at 119.1 cents on Aug. 1 as against 118.4 at the beginning of July.

Attention! Wanted—Anything that lurks in the shadows, on evening of Oct. 31, to be present in the St. Albert Community Hall on the same night. Senior Hockey Club. Thank you.

AVA GARDNER and Clark Gable have apparently found something highly amusing in the script they are studying between scenes at the M-G-M Studio. They are filming "Lone Star," which absolutely MUST be a story with a Texas background.

**WILL HE RUN AGAIN?** The present Parliament of Canada was only elected in June, 1949, and can stay in power another two and a half years if the Liberal party decides to wait that long for a new election. But current talk is rife about a June, 1952 election and speculation about candidates in Quebec involves Fred Rose, Communist. Rose has just been released from jail and is free to run for Parliament again as a free citizen.

## FARM WOMEN'S CONFERENCE PLANNED

**ST. ALBERT** — An interesting program has been planned for all F.W.U.A. and F.W.U.A. members attending the conference to be held in the board room of the City Annex Building, Edmonton at 1 p.m. on November 2.

Miss Alice Roloff and Miss Joan Krupa, Girls Club Judging Team, representing Alberta at the Royal Winter Fair in Toronto, will give a posture demonstration, 'A Peep Behind the Scenes in Radio' is the subject of a talk to be given by Helen Jackson of the C.B.C. Ramsay's florist shop will present a demonstration on the arrangement of flowers. News of the work of the organization will be given by Mrs. Winnifred Ross, Provincial President.

There will be an opportunity to

## Midnight Masquerade Held at St. Albert

**ST. ALBERT**—If you feel like letting your hair down and having a bang-up time, come to the "Midnite Masquerade" to be held in the Community Hall on Wednesday, Oct. 31. Dancing from 10-2 a.m. For even more fun and excitement, come masqueraded and stand the chance of winning a prize for the effort. A delicious free lunch, along with streamers, hats, balloons and noise-makers will help to put you in the proper Halloween mood. The only things not supplied are the ghosts, witches and clowns. So, come and help out, will you?

Attention! Wanted—Anything that lurks in the shadows, on evening of Oct. 31, to be present in the St. Albert Community Hall on the same night. Senior Hockey Club. Thank you.

AVA GARDNER and Clark Gable have apparently found something highly amusing in the script they are studying between scenes at the M-G-M Studio. They are filming "Lone Star," which absolutely MUST be a story with a Texas background.

## BANG'S DISEASE

(Contagious Abortion)

**WHAT IT IS AND HOW IT IS SPREAD**

This disease of cattle is present in probably half the cattle herd in your Municipality. It causes great losses, as infected cows abort at 5 to 8 months. It is a germ disease and spreads from one cow to another.

There is no cure, as a cow infected with Bang's disease carries abortion germs the rest of her life. Prevention can be obtained only by vaccinating heifer calves at 4 to 6 months of age.

They are immune for several years and by vaccinating heifer calves at 6 to 9 months gives best resistance, a disease free herd can be built up within 5 or 6 years. In other words once started it must be continued.

Vaccine is supplied free by the Alberta Department of Agriculture. It is only allowed to be used by veterinarians.

Buyers are looking for cattle from Bang's free herds and also those vaccinated as calves. For further particulars on "Bang's Disease" contact your District Agriculturist.

This office has made arrangements with veterinarians to do calf vaccination on a per calf charge of \$1.00 each.

This is a plan whereby Bang's free herds can be built up if vaccination is done twice a year. J. M. FONTAINE, District Agriculturist.

(Tear off here and leave at or forward to 9817 Jasper Avenue before November 16, 1951.)

(If your land is leased, please pass on to renter.)

I have \_\_\_\_\_ heifer calves between ages of 4 and 9 months for Bang's Disease vaccination. I agree to pay \$1.00 each at the time vaccination is done.

## LEGAL NEWS BRIEFS

Last Friday, the Students' Union of the St. Emile's School organized a friendly party for the high school students. Everybody enjoyed themselves and new talent was discovered which will be of help for future parties.

The council of the Knights of Columbus of this district had an official meeting in the Lamarche Hall last Wednesday. The meeting was the first held for the installation of the new officers, and to discuss the plans for the initiation of new members, which is to be held in Edmonton in November.

Donald Germain Montpetit, son of Mr. and Mrs. Robert Montpetit, and Brent Bernard Schneider, son of Mr. and Mrs. Bernard Schneider, were baptized on Sunday.

Notwithstanding the frequent snow flurries of this last week, threshing is now over 80 per cent completed in this district.

Wilfred Regenbald of Legal Parish and Anne Marie Dargis of Bonnyville will exchange wedding vows next week.

## CLYDE COMMENTS

At the present price of lumber a wooden needle should be worth a dime.

A person can't count on anything these days except their own fingers.

## Blind People Learn To Read, Write

Instruction in Braille reading and writing, in typing, handicrafts and general reeducation are among the important services of The Canadian National Institute for the Blind. Through this free teaching service blind people can learn to read again and to enjoy the literature available from the free lending library of the CNIB. They can learn interesting handicrafts to occupy hands and minds and to help augment incomes. They can learn to adjust to blindness and so live happier, more normal lives.

To maintain its service program the CNIB must appeal to the sighted public for assistance. Its annual campaign will be held during October and will provide an opportunity for all to extend a helping hand to the blind.

## EDITORIAL PAGE

### Harvest Losses Increased

Once more the farmers have taken it in the neck from the weather. With only about 25 per cent of the harvest completed in Alberta, according to the provincial minister of agriculture, the winter seems to have swept down on the scene with temperatures as low as 24 above, and damp snow lodging on the fields.

Is it any wonder the farmers get disgruntled sometimes and feel like rebelling against their lot. But the farmers will not be the only ones to suffer. The general economy of the province will share the blow if this one-time promising crop is not garnered safely.

As far as the weather is concerned the ancient piece of cynicism, "we must weather the weather whether we want to weather the weather or whether or no!" expresses the fact, but a more general, enthusiastic support for the farmers in the job of getting their grain out of the field and into the elevators is due. So many years the situation is similar to the present that it might be a good thing if steps were taken by governments and provinces to enact measures that would insure an early or more speedy harvesting of the crops in the general interest.

### Cheese Aids Prosperity

This month the dairy industry of Canada is celebrating its Cheese Festival. The purpose of this festival, it has been explained, is to encourage the consumption of this highly nutritious food among Canadians. It is demonstrated that cheese replaces meat with a valuable high protein substitute.

In the early days of Canadian history, since Confederation, the cheese industry was an important creator of the country's wealth and prosperity. Alberta's dairy commissioner, D. H. McCallum, says few people realize what cheese has done in the development of Canadian industry. Since 1860, when the first cheese factory was established in Oxford County, Ontario, there was a "boom" in cheese making and by the turn of the century, about 1,000 factories were operating.

Exports of cheese went chiefly to the United Kingdom, and they increased to such an extent that in 1900 they totalled over 200 million pounds. If Canada's huge cheese business could be restored to its former size with the British consuming public, what a boost national prosperity would get. But, the need for milk at home and the loss of former markets have reduced the wealth coming from cheese.

### A New Bearded Wheat

Farmers in the prairie provinces will be able to test the qualities of a new variety of bearded wheat this year, according to reports from agricultural experts in Winnipeg. It is called "Lee" and is an American production said to be resistant to most varieties of rust. It is not, however, resistant to the new race of rust known as 15-B. Its milling and baking qualities are good and it is licensed for use in Canada. It has value as an addition to the present used varieties.

Farmers who would like to try Lee can get it as long as supplies last from the Dominion Laboratory of Cereal Breeding, Fort Garry, Winnipeg, by making application for the amount they want.

### Note and Comment

As is not unusual with public utilities, the Edmonton Transit System has been losing money. Besides, the employees are not satisfied with their present scale of wages and want more money. This is not a pleasant prospect for the thousands of Edmonton bus riders who will now be forced to pay more for their fares, further increasing their cost of living.

In 1939 the average hourly wage in Canada's manufacturing industries was 42.7c. The average worker therein had to work 15.6 minutes to buy a quart of milk.

This is the time of the year to avoid snakes, whether reptilian or human.

There is so much planning for war that first thing we know, there will be war.

Our public schools present the world's most prodigious project to perfect people.

## Go North, Young Homesteader

By T. W. PUE

Back in 1944, when I decided to come to Edmonton from Manitoba to live, I wrote to the Alberta Government for a map of the Northern half of the Province. I wanted to study the district around Edmonton, but found that the most Northern city in Canada wasn't on the map of the northern half of Alberta. In fact, half the province lies north of a line running 100 miles north of the Capital.

T. W. PUE

Most people think that Canada's Northland—between the popularly known areas of the country and the ice-covered territories—is nothing but a vast wasteland. But the fact of the matter is that there's all kinds of excellent farm land there... and the Government wishes that more adventuresome farm-folk would move into the area.

In Northern Alberta, for instance, an estimated three million acres of agricultural land lies a whole three hundred miles north of Edmonton. And good, fertile, land it is, too.

The officer in charge of the experimental substation at Fort Vermilion, in Northern Alberta, reports that in July of this year, crops of wheat, barley, and oats gave indication of producing much greater yields than in other parts of the country.

The officer—Victor J. Lowe—says that the wheat average was expected to be 35 bushels per acre... barley was to average forty bushels an acre... and oats a whopping seventy-four bushels an acre.

At the substation which Lowe heads, over the past ten years they've had an average of thirty-four and a half bushels per acre of wheat. Barley has averaged better than thirty-nine bushels per acre... and oats have run to seventy-two point four bushels per acre.

During the summer months, the long duration of sunlight is one of the major factors contributing to the excellent growth. And frosts are not considered a menace because the rate of growth permits harvesting of most tender crops before fall colds arrive.

Grains are not the only crops in the area.

Horticultural crops are normally grown in abundance, and there are very few limitations both as to types or species.

Bush fruits are also successfully grown, but tree fruits are still confined largely to the experimental station.

At the station, hardy varieties of apples, crab-apples, plums, and cherry-plum hybrids have produced good quality fruit during recent years.

Cattle and swine are numerous... and most of the area's coarse grain is consumed by the livestock and subsequently marketed as animal products.

With the completion of a new bridge across the river at Athabasca, more settlers will be going in to take up farm lands within 150 miles of Edmonton, on the homestead basis.

This is an opportunity for young farm people from older settled areas of our province to push out into the northern areas where land is free and fertile.

The pioneer area is just beginning for half of our province.

### Every Day Living

Most of us are inclined to complain and find fault when the going gets tough. Why this and why that? If the weather is cold why not wait until summer? If the day is hot enough to cause us to sweat we look for a shade spot and complain that the job may as well wait for a cooler day.

Some air force men had just been assigned to rebuild an air base when a severe blizzard struck the area. The resulting hardships prompted the inquiry: "Why should this job be necessary during the winter?" Then one day the men in the control tower received an alert call. Several transport planes returning men from overseas could not land at their designated base. Fuel was low. Could they land here? Because the men had been on the job, immediate clearance was flashed to the pilots. The big planes rolled down the runway to a safe landing. The men had one good answer to their question.

We all question the wisdom of certain assignments in life. At the moment we may not find the answer. Whether it be Joseph sold into Egypt, Philip sent to Gaza, or you in your present responsibility, Jesus gives the "clearance" at the Samaritan well—"to do the will of Him that sent Me."

Our faith assures us that the overall plan of God contains the answer for us.

"Jesus saith unto them, My meat is to do the will of Him that sent me, and to finish His work."

John 4:31. Read today—John 4:27-38

## ANTI-FREEZE SOLUTION

THE COMING cold weather in the Northern Hemisphere and a hot war in Korea hasn't helped the economic situation in Canada and the United States. The biggest problems are economic and not military, with threatened shortages of materials putting a strain on prices and the cost of living index.

## Voice of the People

"VOX POPULI VOX DEI"

### BREAD AND WEALTH

Dear Sir—For years the government has been shortchanging the farmer on his wheat, paying 50 cents per bushel below market price to the monopoly baker-millers, and these in turn have been trimming all citizens, as per Judge McBride's Bakery Monopoly Report, again proving that big fleas have little fleas on their backs to bite 'em and little fleas have less-er fleas, and so on ad infinitum.

What a game, and the farmer pays for it all.

### STEADY READER.

Edmonton.

### WANTS COPIES

Dear Sir—Please send me four more of Monday's Edmonton Sun, as there is a fine news story in it I wish to have.

J. R. BASCO,  
Barborton, Ohio.

### AIR FORCE SCOREBOARD

Dear Sir—How come all these news stories of air battles in Korea always have the same baloney? American planes are always out-numbered, sometimes 5-1. Yet many Russian planes are destroyed and our losses are practically none. If this were true we should provoke the Reds into war, just for the opportunity of shooting down their best planes and fliers. Smokey Lake WUNDERING

### HOBBLED BY COBBLES

Dear Sir—How to save our children from being killed and maimed by automobiles speeding along our streets? Just remove the asphalt and replace it with cobblestones. Even crazy drivers won't go bumping recklessly over such streets, and then children can cross the streets safely.

A BALL PLAYER

# Early Winter Stalls Harvesting As Grain Worth \$300 Million Lost

## Unmarried Mother At Mercy Of Court

An unmarried, 18-year-old expectant mother was given a one-year suspended sentence in police court in Edmonton on a vagrancy charge.

Her story began three years ago in a small town just outside Winnipeg. There she met up with poor company and due to a spurge of wild parties she lost her job.

Following this she went to Winnipeg where she met up with the father of her unborn child.

Three weeks ago she came to Edmonton in an attempt to straighten out, but her common-law husband followed her here.

Morality squad detectives said she would be looked after by the Salvation Army and the Provincial Child Welfare Department. The detectives will also find the girl a job.

Three hundred million dollars worth of grain is lying on the ground in Alberta with little prospect that it will be removed before spring, according to spokesmen for the Alberta Wheat Pool.

## Miller To Talk On 'Crime Does Pay'

A. W. Miller, a famous Edmonton criminal lawyer, will give an address in Regina Monday night entitled "Crime D-O-E-S Pay," contrary to popular belief.

Miller, who was born in Budapest—the capital of Hungary—was admitted to the Alberta bar in 1925. He has practiced in Edmonton ever since and has established a reputation as one of Canada's foremost criminal defence lawyers.

He will give his address to the Regina Women's Canadian Club as the club said his subject should be "thought-provoking."

The best "catgut" comes from the intestines of lean, ill-fed sheep, hogs or mules.

## Farmers, Not Mineral Companies, Hold Rights To Sand, Gravel On Land

Two Alberta farmers won the right to the sand and gravel on their land in the second phase of a long legal battle involving surface and mineral rights.

The appellate division of the Alberta Supreme Court unanimously upheld an appeal by farmers Joseph A. Gaumont of Fort Saskatchewan and J. W. Brown of Redwater.

The farmers appealed against a previous ruling by Mr. Justice J. Egbert that the sand and gravel on their land belonged to the mineral rights owners, Western Minerals Ltd. and Western Leas-holds Ltd.

The panel of five appeal judges, headed by Chief Justice G. B. O'Connor, set aside Mr. Justice Egbert's ruling and declared the two farmers owners of the sand and gravel as part of their surface rights.

The decision also had the effect of upholding provincial legislation which decreed last spring that surface rights owners also owned the sand and gravel.

The legislation was passed after Mr. Justice Egbert gave his reverse decision.

Counsel for the companies argued in the appeal that the legislation was unconstitutional, but the appellate division ruled it constitutional since it dealt with civil rights and property.

A provincial spokesman said the appeal decision means Alberta surface rights holders own sand and gravel on their land and can make use of it "provided they can recover it by surface operations."

Henry G. Young, president of the Farmers' Union of Alberta, lauded the decision by saying "surface rights owners now have a right to more than the top soil they plow."

Legal courses indicated the companies planned an appeal to the Privy Council. The original action started when the farmers began selling the sand and gravel from their land.

## COYOTE CONTROL OFFICERS NEEDED

The Secretary informed the Council that he had placed notices for two consecutive weeks in the local papers, inviting residents to make application for positions of Control Officers, but had only received one application. It would be necessary to have more than one control officer for the whole of the Municipality, as it would be necessary to have a school for training before we could enter into a contract with the Provincial Government. The matter was tabled for the next Council meeting.

Council meeting of Municipal District of Sturgeon, at which this matter was discussed, was held on Thursday, Oct. 18, 1951, in the Council Chambers, Edmonton, with all Councillors present.

Monthly financial statement submitted by the Secretary read and ordered filed.

Councillor Geo. Holmes was appointed Deputy Reeve for the next six months.

Section 355 of the Municipal District Act was brought to the attention of the Council with respect to expenditures of monies on public works.

On the motion of Coun. Carleton the Secretary was requested to make application to the Provincial Government for the transfer of certain grants to other roads in Divisions 2 and 3.

Court of Revision was held at 2 p.m., when appeals were heard from W. Yachin on gravel assessment and T. R. Molinau on personal property assessment, and Widney Drilling Company on Drilling Rig and Crown Coal Company on power line easement. Molinau and Crown Coal Company appeals were granted and Yachin and Widney Drilling Company's appeals were dismissed.

On the motion of Coun. M. Hrynchuk the Council accepted Form A for all Councillors being Recommendation as to Public Works to be undertaken by the Municipal District of Sturgeon for 1951.

On the motion of Coun. Holmes the Secretary was instructed to forward the following resolution to the Municipal Districts Association of Alberta: "Whereas many of the School Divisions find it necessary to build new schools and in order to finance same float debentures, and whereas some Municipal Districts have surplus funds but under Section 324 of the Municipal Districts Act a Municipal District cannot invest funds in school debentures, therefore be it resolved that Section 324, Subsection 2 of the M.D. Act be amended by adding after the words 'Province of Alberta, the words 'and Debentures of School Divisions or School Districts'."

Order by Public Utility Commissioners consolidating Blocks 15, 16 and 17, Cherry Grove Subdivision into one block to be known as Block B containing 29.65 acres.

### Aged and Infirm Pensions

For persons from 65 years to 69 years inclusive. The Secretary informed the Council that he had now received a supply of application forms from the Provincial Government, and that he was prepared to help any of our residents complete their application forms in the Municipal Office if they so desired.

### St. Joseph's Hospital, Roadway

The Council was informed by the Secretary that he had been in communication with St. Joseph's Hospital at Roadway, and they were prepared to enter into a contract with the Municipality for hospitalization of our residents at \$1 per day general ward rate. The Council then instructed the Secretary to get in touch with Tarnant Hospital and see if they would also enter into a similar

FALL FASHION—The short evening dress above, popular for fall wear, is of Italian jacquard fabric.

contract with the Municipality, and, if so, then the by law could be amended to include Railway and Lamont hospitals.

### Sturgeon Health Unit

Reeve reported that all steps forming the new Health Unit had now been completed and that M.D. Sturgeon would have two representatives, M.D. Morinville one, St. Albert and Beverly one each. He also stated that he would suggest that the Act be amended if possible, so that a Municipality could appoint one representative from the residents of our district, instead of two elected Councillors, that is to say one Councillor and one appointed resident.

### Drive-In Theatre

The Secretary informed the Council that he had attended a meeting of the Edmonton District Planning Commission at the request of the Reeve, and had informed the Commission that the Council of M.D. Sturgeon would not raise any objection providing the appliances submitted plans and estimates and when submitted to the Council complied with the Building Bylaw of the Municipality.

### Civil Defence Preparations

The Secretary reported that no applications as instructors under Civil Defence preparations had been received. Tabled for next meeting.

### Municipal Office

On the motion of Coun. P. Laszkowski the Reeve and Secretary was appointed a Committee to have plans and estimates drawn up for Municipal Office.

### Barton Subdivision—Buildings on Street

Claim of Mr. Miskew that under Limitation of Actions Act that occupancy of 10 years or more, ownership can revert to occupant of land. Secretary pointed out that under Section 185 of the Municipal District Act, title to all public roads, highways, streets and lanes in every Municipal District, is declared vested in the Crown but shall be subject to the direction, control and management of the Council of a Municipal District. This declaration shall have reference only to the surface of public road, street or lane, and so much of the actual soil below, and the air above. That the Crown is not subject to

Limitation of Actions Act. On the motion of Reeve Rowsell the Secretary was instructed to notify the occupant of the street to remove his buildings on to his own land 30 days from date of notice.

### Permits

Permits granted to Paul Tomyn to operate a lunch counter on wheels near gravel pit SE. 14 54-23 4 and Electrical Supplies & Appliance business of A. Farschke & Sons, Egremont.

### Complaints

Secretary informed Council he had received a complaint that dead young pigs had been left lying on the farm of the owner and dogs were carrying part of the dead animals on to adjacent farms, causing a nuisance. The Secretary stated that he had written to the effect that under The Public Health Act that dead ani-

## RCAF Forms New Jet Squadron

OTTAWA, Oct. 17—(BUP)—The Air Force announced the formation of a new jet fighter squadron, based at North Bay, Ontario, with a World War II fighter pilot as its commanding officer.

The new squadron will be equipped with F-86 Sabre Jets, the fastest jet fighter on active duty with Allied air forces. It will draw the name from the famed 430 Squadron of World War II, and will be commanded by Sqdn. Ldr. J. F. (Stucky) Edwards, 30, Bafford, Sask.

### Investment of Funds (Surplus)

Bylaw No. 454 to invest surplus funds in Dominion Bonds was passed, subject to the approval of the Minister of Municipal Affairs.

Accounts and pay sheets listed and submitted to the Council for approval, were passed and ordered paid.

Meeting adjourned on the motion of Coun. Holmes to meet again on Thursday, Nov. 8, 1951.

A. WALTERS,  
Sec.-Treas.

## To Resume Defence Courses In Spring

Civil defence courses will be resumed at the Olds School of Agriculture early next spring.

The Alberta Civil Defence organization announced that Course No. two was completed recently. Between now and next spring the school will be occupied with its regular classes in agriculture and home economics.

## The Lighter Side

### Quite a Gall!

At a national Sunday School convention answers were given to the roll call by states. When the State of Texas was called, a brawny specimen of southern manhood stepped out into the aisle, and with a strident voice exclaimed:

"We represent the great State of Texas. The first white woman born in Texas is still living. She now has a population of over three million."

There was a pause of bewilderment for a moment, and then a voice from the galleries rang out clear and distinct:

"Send that woman out to Wyoming. We need her!"

### Should Be Experienced

The very rich man was interviewing an applicant for the job as his personal valet.

"You may have trouble with me," he said. "I have a wooden leg, a glass eye, a toupee, an artificial arm and false teeth."

"That won't bother me," replied the applicant. "I used to be on the assembly line at Lock-heed."

### He Stuck It Out

A young lad in the lower grades complained to his teacher that he had a terrific stomach ache. The teacher sent him to see the principal.

When the little tyke returned to the classroom, he walked in such a manner that his stomach stuck way out. When the teacher asked him why he was walking that way, he replied:

"I told the principal I had a

stomach ache and he said if I could stick it out till noon he'd drive me home."

### Something New

The long-winded lecturer had been holding forth for over an hour, except for brief pauses from time to time to gulp a hasty drink of water.

Finally, during one such pause, an old farmer in the audience leaned toward his neighbor and announced in a loud whisper:

"First time I ever saw a windmill run by water."

### Ideal Set-Up

Two men were discussing the coming marriage of their buddy.

"He is getting a wonderfully accomplished girl," said one. "She can swim, ride, drive a car, and pilot a plane. A real all-around girl."

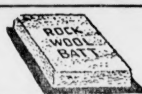

"They ought to get along," ob-

## Royal Visit COMMEMORATIVE

Get Your Royal Visit Commemorative  
Now, While They Are Still Available!!

A beautifully designed and presented FOLIO, containing the first visit of Their Royal Highnesses Elizabeth and the Duke of Edinburgh to Edmonton and district.

This lovely Mount, contains a beautiful informal family portrait of the Princess and the Duke and the little Prince and Princess, with a suitable salutation commemorating their stay in the district, all in a fine quality mount with three color cover and having the family crests on the back.

An attractive and lasting memento of this great event, this folder may be kept as a permanent

keepsake, displayed by itself as a portfolio folder that will enhance any living room mantle, or may be framed and mounted to form an original and fitting portrait any home would be proud to display in years to come.

Order your copy now, in time for the visit. Fill out and clip the coupon below, and mail along with 25c for each copy desired, to:

served the other. "He learned to cook in the army."

### Good Reason

The defendant acknowledged that he hadn't spoken to his wife in five years and the judge put in a question.

"What reason have you?" he asked severely.

Replied the husband, "I didn't want to interrupt her."

## Letter to Louisa

Dear Louisa:

I have been reading so much about teen agers using narcotics that I became worried and the mothers of our school children had a survey made. We found that there was no problem here. We wondered whether our small town was unusual or whether this was the case in most of the less populated places.

MOTHER, Tenn.

begin on a dare or because of association with bad companions, their parents will probably discover the trouble before the case becomes a hopeless one.

More power to women like you mothers who are interested enough in your children to try and find out if there is any reason to be worried. An ounce of prevention, you know, is worth a pound of cure.

LOUISA.

Dear Louisa:

My husband died a month ago and my two children want me to sell my house and live with each one six months of the year. I love my children and my in-laws but I am afraid I will be dissatisfied as I have lived in this place for many years.

The children do not like me to live alone. I am comfortably well off. What do you think I should do? I am undecided.

GRANDMOTHER, N.J.

Answer:

Don't sell your house. If you wish, try living with the children for a few months of a year and

see how the plan works. I personally think you may be glad to have your own place to come back to.

On the other hand, if you do find living with the children pleasant, and they are pleased to have you, the house can be sold later on. If it is a large dwelling, you may divide it, renting out part of it to congenial people and keeping a small apartment for yourself.

It is nice to have a place of your own to come back to, be it ever so small.

## WI Constituency Conference Held In Warspite Recently

WARSPITE — On Saturday, Oct. 20, the WI Constituency Conference for Edmonton, Victoria and Sturgeon met at Warspite. Mrs. H. E. Vague, constituency convener, Mrs. W. Herron, Mrs. E. A. Atkinson, Mrs. H. McDonald, Mrs. N. Ross and Mrs. J. Harrold attended.

The St. Albert branch won second in the handicraft display with 38 points. Miss M. Wolnie-wicz won first prize for cutwork; Mrs. Royce received top honors for her petit point framed picture. The first ribbon in the heavy sweater class went to Mrs. H. McDonald, and the WI quilt was the winner in that class.

Second, Mrs. S. Bonneville, crocheting on a handkerchief, skirt from a shirt; Mrs. Rosseter, knitted socks; crocheted centre-piece; and third for a wool rug.

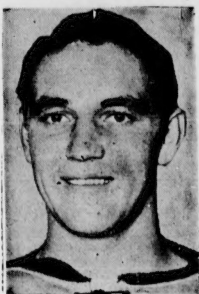

## Purse Snatched, Thief Caught

ST. ALBERT—Mrs. B. Holm-gren had her purse snatched on Saturday night just as she was going into a friend's house. She had a shopping bag containing dishes in her other hand. She was only able to scream. The young man was caught.

The Fauvettes entertained at a program Sunday evening. Hon. Lucien Maynard, M.L.A., was present.

Reports say that only 50 percent of the crops have been harvested because of the damp weather.

The fifth anniversary of the St. Albert W.I. will be celebrated at the home of Mrs. Akins on Monday, Oct. 29, instead of Tuesday.

## Former Agent Dies Suddenly

ST. ALBERT—On Oct. 20, Mr. Philip Croteau passed away suddenly at Waskatenau. He was station master here before moving to Waskatenau.

## Pope Pius Tells Of Anxiety Over Fear Of New War

VATICAN CITY, Oct. 15 — (BUP) — Pope Pius XII Sunday said the world suffered general uncertainty and anxiety because of fear peace may disappear again.

Closing the solemn celebrations at Fatima, Portugal, with a radio address in Portuguese, the Pontiff said, "The world desires peace and despite the much that has been done, it still continues to sigh, trembling from the anxiety of seeing it disappear again."

He exhorted all Catholics at Fatima to renew their intentions to work for peace and pledged himself to "work untiringly and with all the means in our power for true good of the great human family."

The Pontiff said that one year ago while closing the holy door

FOLLOWING an impressive display of talent at the St. Louis Flyers' training camp at North Bay, Ont. Phil Hughes, sensational Port Arthur goalie who starred for Toronto St. Michael's last year, was signed to a professional contract by the American league team.

## New Name For St. Albert Club

ST. ALBERT—The WIGC will, in future, be known as the Alouettes. Officers will be: President, Joan Atkinson; vice-president, Joan Atkinson; secretary-treasurer, Ruth Armstrong; and social convener, Therese Belhumeur. The club met at Diane Wilson's home last week. The next meeting will be at Jean Sharpe's home.

The idea of Father's Day originated with Mrs. John B. Dodd, Spokane. The first celebration was held in Spokane June 19, 1910.

in the Basilica of St. Peter he seemed to see the "Lord's angel, who 12 months before had gone out to the same door around the world to invite all souls of goodwill to seek peace in the health-giving pool of the jubilee ready for them in the heart of the Eternal City."

The answer to that invitation, the Pope said, was "a magnificent and stupendous spectacle of the unity" of the church.

## A Definition

Buried Treasure: The first husband a woman is always bragging about to her second.

## 400,000 Canadians Are Criminals

HALIFAX, N.S. (BUP) — The Royal Canadian Mounted Police force has on file the fingerprints of 400,000 living criminals but only 14,000 were considered "serious" threats to law and order.

RCMP Commissioner L. H. Nicholson reprinted the figures to the chief constables association conference here. He also revealed that the Mounties had 300,000 firearms registered with them to keep tab on possible law breaking.
